

Sundance

A powerhouse of style, versatility and protection.

Made to fit the needs of multiple applications, Sundance is an excellent choice for Hospitality, Healthcare, Corporate, Marine and RV seating.

Sundance is equipped with:

- **MGX MorGuard Xtreme™**, Morbern's exclusive stain resistant and cleanable topcoat that protects against and easily cleans denim, mustard, ball point pen and much more.
- Mellosoft™ substrate for the best tailored look and soft hand.
- Anti-bacterial, anti-microbial and mildew resistance.

To order or to receive samples and more information on Sundance, please call us at 888-MORBERN or email us at sales@morbern.com. Visit us 24 hours, 7 days a week at www.morbern.com for product information, samples and more.

Sundance

Specifications

- Roll Width: 54 inches
- Roll Size: 30 yards
- Weight: 30.75 +/- 1.5 oz per linear yard
- Thickness: 48 +/- 4.5 mils
- Cold Crack: -25°F
- Anti-Bacterial / Anti-Microbial
- 1000 Hours WeatherOmeter
- MGX MorGuard Xtreme™ Stain Resistant Finish
- Mildew Resistant
- Denim Resistant
- Abrasion Resistance: No significant wear after 100,000 double rubs with #8 cotton duck using the Wyzenbeek test method.
- Content: 75.4% Vinyl
24.6% Poly Fabric
- Bleach Resistant*

Flame Resistance

Manufactured to meet the following flammability* requirements:

- California Flammability Regulation (Bulletin 117, Section E)
- BIFMA Class 1 / NFPA 260A
- FMVSS 302
- UFAC Class 1

* This term and corresponding data refer to typical performance in the specific test indicated and should not be construed to imply the behavior of this or any other material under actual fire conditions.

Care and Cleaning Instructions

In general, most common stains can be cleaned using warm, soapy water and clear water rinses. Moderate scrubbing with a medium bristle brush will help loosen soiling materials from the depressions of embossed surfaces. For more stubborn stains, use Formula 409® commercially available cleaner† in accordance with the manufacturer's instructions.

Full strength rubbing alcohol or mineral spirits†† may be tried cautiously as a last resort on very stubborn stains, if the above suggestions do not work. Indiscriminate use of any solvent, or solvent containing cleaner, can severely damage or discolor vinyl. Always follow with a clear water rinse after cleaning with solvents.

Note: Detergents should never be used on a regular or repeated basis for normal cleaning. Morbern recommends repeated rinsing with clear water after any cleaning procedure.

† When opening a new container, please test the cleaner in an inconspicuous area as cleaning manufacturers may change formula without notice.

Morbarn cannot be responsible when unknown changes are made by the manufacturer of the cleaner to their formulations between our 6-month verification intervals.

†† Caution: Exercise care as these solvents are flammable. Use only small quantities of solvents and keep clear of any sources of ignition. Wear protective gloves and ensure cleaning takes place in a well ventilated area.

Stain Protection by:

MGX MorGuard Xtreme™

Recommended Applications

- Conference Room Seating
- Home Office Seating
- Executive Seating
- Hotel/Motel Seating
- Foyer and Lounge Seating
- Residential Seating
- General Office Seating
- Work Station Seating
- Marine Interior/Exterior
- RV Seating and Trim
- Healthcare Seating

Care and Cleaning Guide

Stain	Cleaning Procedure‡
BBQ Sauce / Cola	3 to 4∞
Mineral Oil Lubricant	4
Sun Screen SPF 30	4
Lipstick	4
Ball Point Pen	4
Exhaust Soot	4
Mustard	3 to 4

‡ The following procedures may be used for cleaning stains:

- Removed after 1 minute and cleaned with water, Formula 409® and alcohol (70%)
- Removed after 8 hours and cleaned with water and Formula 409®
- Removed after 8 hours and cleaned with water, Formula 409® and Alcohol (70%)

Rating System∞

Stain	Cleaning Procedure‡
No staining marks on surface	4
Slight stain on surface	3
Strong stain on surface	2
No cleanability at all	1

*Disinfecting with Bleach:

When disinfecting with bleach, dilute with water up to a 9:1 ratio (10%). Liberally apply diluted disinfectant using a sponge. Rinse with cold water several times. Wipe dry and repeat if necessary. Federal regulations require that guidelines on the bleach label need to be followed for antiseptic or antimicrobial purposes.
