CINEMA

## Manufacturer of vinyl upholstery fabrics.

**Morbern** is one of North America's leading manufacturers and innovators of decorative vinyl upholstery fabrics. For over 50 years our focus has been on delivering total design and performance solutions in vinyl upholstery for the Corporate, Healthcare, Hospitality, Marine, and Transportation markets and a wide variety of other markets.

**MorCare™** is designed to handle the highest demands for hospitals, contract, and institutional use. With enhanced resistance to harsh chemicals used in those environments, **MorCare™** will resist the repeated actions of normal dilutions of chlorine bleaches and quaternary ammonia salt based cleaners without serious discoloration. **MorCare™** protection has incredible durability by maintaining its new appearance even after heavy duty use.

**MorCare™** products are formulated free of flame retardants and anti-microbial additives.

## MorCare™

### Additional Features:

- Enhanced Bleach Resistance
- Flame Resistant Additive Free
- Formulated Phthalate Free

ABBEY

# MorCare™

## Specifications

Width: 54 inches

Roll Size: 40 yards

Weight: 32.25 +/- 2 oz per linear yard

Thickness: 40 ± 4 mils

Abrasion Resistance: No significant wear after 500,000 double rubs with #8 cotton duck using the Wyzenbeek test method

## Features & Benefits

- Enhanced Bleach Resistance
- Flame Resistant Additive Free
- Formulated Phthalate Free
- Anti-Microbial Additive Free

## Content

Vinyl

## Backing

100% Polyester

## Flame Resistant

Manufactured to meet the following flammability\* requirements:

CAT B 117-2013 (Section 1-Cover Fabric)

UFAC Class 1

NFPA 260

\* This term and corresponding data refer to typical performance in the specific test indicated and should not be construed to imply the behavior of this or any other material under actual fire conditions.

## Recommended Applications

Hospital

Conference

Executive

Hospitality

General Office

Home Office

Hotel/Motel

Residential

RV Seating and Trim

Work Stations

## Care and Cleaning Instructions

MorCare™ upholstery vinyl is easy to clean. To prevent buildup of dirt and contaminants, which may cause permanent staining, periodic cleaning is highly suggested. The frequency of cleaning is dependent upon the environmental conditions the MorCare™ product is subjected to.

In general, most common stains can be cleaned using warm, soapy water and clear water rinses. Moderate scrubbing with a medium bristle brush will help loosen soiling materials from the depressions of embossed surfaces. For more stubborn stains, use Formula 409® commercially available mild detergent† in accordance with the manufacturer's instructions.

Full strength rubbing alcohol or mineral spirits †† may be tried cautiously as a last resort on very stubborn stains, if the above suggestions do not work. Indiscriminate use of any solvent, or solvent containing cleaner, can severely damage or discolor vinyl.

**Note:** Detergent should never be used on a regular or repeated basis for normal cleaning.

Morbern recommends repeated rinsing with clear water after any cleaning procedure.

### Disinfecting

Bleach: Dilute with water up to a 9:1 ratio (10%). Liberally apply diluted disinfectant using a sponge. Rinse with cold water several times. Wipe dry and repeat if necessary. Federal regulations require that guidelines on the bleach label need to be followed for antiseptic or antimicrobial purposes.

The following disinfecting cleaners are approved for use on MorCare™ vinyls:

- Asepticare TB II • Lysol Foaming
- Birex • Precise (Caltech)
- Cavicide (Metyrex) • Super Sani-Cloth PDI
- Citrace (Caltech) • Virex 256
- Dispatch • Wex-cide
- CaviWipes • Virox 5
- Oxivir TB • Oxivir Plus

†When opening a new container, please test the cleaner in an inconspicuous area as a cleaner manufacturers may change formula without notice.

Morbern cannot be responsible when unknown changes are made by the manufacturer of the cleaner to their formulations.

††Caution: Exercise care as these solvents are flammable. Use only small quantities of solvents and keep clear of any sources of ignition. Wear protective gloves and ensure cleaning takes place in a well ventilated area.
