

Engineered
for versatility,
for tailorability
and luxury.

BAYSIDE

Leading manufacturers of decorative upholstery fabrics for over 50 years.

Manufacturer of
vinyl upholstery fabrics.

Morbern is one of North America's leading manufacturers and innovators of decorative vinyl upholstery fabrics. For over 50 years our focus has been on delivering total design and performance solutions in vinyl upholstery for the Corporate, Healthcare, Hospitality, Marine, and Transportation markets and a wide variety of other markets.

Bayside features a smooth, matte linen grain in a range of 27 colors including a wide range of neutrals plus rich, rustic and earthy shades of reds, blues, yellows and greens.

Bayside employs Morbern's Splash construction, a pink-stain resistant vinyl formulation - the gold standard in the marine industry. With UV protection, crack resistance, and 4-way stretch, it's a dream material for boat interiors and exteriors. And while originally designed for the marine market, Bayside's wide range of colors, excellent tailorability and significant wear resistance make it a great choice for contract interiors as well.
