BANTAM

Leading manufacturers of decorative upholstery fabrics for over 50 years.

Manufacturer of
vinyl upholstery fabrics.

Morbern is one of North America's leading manufacturers and innovators of decorative vinyl upholstery fabrics. For over 50 years our focus has been on delivering total design and performance solutions in vinyl upholstery for the Corporate, Healthcare, Hospitality, Marine, and Transportation markets and a wide variety of other markets.

The lightweight, yet powerful new Bantam vinyl from Morbern delivers durability for demanding healthcare and contract interiors. Free of anti-microbial additives and flame retardants yet CATB 117-2013 compliant, this fighter of a fabric shows no wear after 100,000 double rubs and is cold crack resistant to -25 F. It spars with stains like cola, coffee and ketchup, and then easily cleans with soap and water. For tougher stains, it is bleach cleanable. Bantam's palette of 10 colorways comes in earthy shades of blue, red, green, orange, yellow and gray.

MorGreen is the mark of excellence for our “Think Green” environmentally conscious and Phthalate-free products.

BANTAM

Specifications

Width: 54 inches

Roll Size: 40 yards

Weight: 35 ± 2 oz per linear yard

Thickness: 49 ± 6 mils

Cold Crack: -25°F

Abrasion Resistance: No significant wear after 100,000 double rubs with #10 cotton duck using the Wyzenbeek test method

Features & Benefits

- FR (Flame Resistant Additives) Free
- Easily cleanable
- MR (Antimicrobial Resistant Additives) Free
- Bromine-free, No Halogenated Flame Retardants (HFRs)
- REACH compliant
- RoHS compliant
- No heavy metals
- No Mercury
- No Bisphenol A (BPA)
- No Ozone depleting chemicals
- No PBT's (Persistent Bio Accumulative and Toxic Chemicals)
- CA TB 117-2013 compliant

Content

Vinyl

Backing

100% Polyester

Recommended Applications

- Healthcare
- Hospitality
- General Upholstery
- Residential/Home Office
- Hotel/Motel
- Corporate

Care and Cleaning Instructions

To prevent build up of dirt and contaminants, which may cause permanent staining, periodic cleaning is highly suggested. The frequency of cleaning is dependent upon the environmental conditions the material is subjected to.

For normal cleaning: Most stains can be easily cleaned using warm, soapy water and clear water rinses. Moderate scrubbing with a medium bristle brush will help loosen soiling materials from the depressions of embossed surfaces. For more stubborn stains, use Formula 409® commercially available cleaner in accordance with the manufacturer's instructions. Full strength rubbing alcohol or mineral spirits* may be tried cautiously as a last resort on very stubborn stain, if the above suggestions do not work. Indiscriminate use of any solvent, or solvent containing cleaner, can severely damage or discolor vinyl. Always follow with a clear water rinse after cleaning with solvents.

Note: Detergents should never be used on a regular or repeated basis for normal cleaning. Morbern recommends repeated rinsing with clear water after any cleaning procedure. When opening a new container, please test the cleaner in an inconspicuous area as cleaning manufacturers may change formula without notice. Morbern cannot be responsible when unknown changes are made by the manufacturer of the cleaner to their formulations between our 6-month verification intervals.

*Caution: Exercise care as these solvents are flammable. Use only small quantities of solvents and keep clear of any sources of ignition. Wear protective gloves and ensure cleaning takes place in a well ventilated area.

Note: Stronger cleaners, detergents, and solvents may be effective in stain removal, but can cause either immediate damage or slow deterioration. Many such materials are wrongly recommended in marine and other related industries. The use of such cleaners is at the owner's own risk.
