# Approved Cleaners

Ever wonder what to clean your boat with? Look no further. Below is a complete list of approved cleaners for Morbern products commonly used in a wide variety of settings, including marine.

## Morbern Products:

Seabrook | Protégé | Prodigy | Bayside | Bayside Koolfab™ | Sandpiper | Voyager | Sanibel

In general, most stains can be easily cleaned using warm, soapy water and clear water rinses. Moderate scrubbing with a medium bristle brush will help loosen soiling materials from the depressions of embossed surfaces. For more stubborn stains, use the above commercially available in accordance with the manufacturer's instructions.

## Approved Cleaners:

Morbern evaluates all recommended cleaners in laboratory conditions specified in ASTM D 1308 and CFFA 141. However, many factors outside of Morbern's control can influence the effectiveness and compatibility of cleaners on vinyl surfaces including recommended products. Morbern strongly recommends testing the selected cleaner in an inconspicuous area prior to using any product.
