

Bantam

Bantam, Morbern's lightweight, environmentally friendly healthcare market vinyl.

Bantam's attributes means it falls under the MorGreen label, Morbern's initiative to create products that are sustainable, responsible and leave as little environmental impact as possible.

The lightweight, yet powerful Bantam vinyl from Morbern delivers durability for demanding healthcare and contract interiors. Free of anti-microbial additives and flame retardants yet CATB 117-2013 compliant, this fighter of a fabric shows no wear after 100,000 double rubs and is cold crack resistant to -25 F. It spars with stains like cola, coffee and ketchup, and then easily cleans with soap and water. For tougher stains, it is bleach cleanable. Bantam's palette of IO colorways comes in earthy shades of blue, red, green, orange, yellow and gray.

Specifications

- Finished Width: 54 inches
- Roll Size: 30 linear yards
- Standard Weight: 35 +/- 2 oz per linear yard
