Specifications

- Roll Width: 54 inches
- Roll Length: 20 yards
- Weight: 60 +/- 3 oz per linear yard
- Thickness: 67 +/- 7 mils
- Cold Crack: -25°F
- 1000 Hours Weather Ometer

Abrasion Resistance

No significant wear after 100,000 double rubs with #10 cotton duck using the Wyzenbeek test method.

Feature and Benefits

Mildew Resistant, Made in North America, Bromine-free, No Halogenated Flame, Retardants (HFRs), REACH compliant, RoHS compliant, Non Toxic, No heavy metals, No Bisphenol A (BPA), No Ozone Depleting Chemicals, No PBT's (Persistent Bio accumulative and Toxic Chemicals), Contains bio-based renewable ingredients

Flame Resistance

Manufactured to meet the following flammability* requirements:

- FMVSS-302
- Cal TB 117-2013 (Section 1-Cover Fabric)
- UFAC Class 1 NFPA 260

* This term and corresponding data refer to the typical performance in the specific test indicated. They should not be construed to imply the behaviour of this or any other material under actual fire conditions.

Content Backing

Vinyl

100% Polyester Mellohide™

Recommended Applications

Healthcare, Hospitality

Care and Cleaning Instructions

To prevent buildup of dirt and contaminants, which may cause permanent staining, periodic cleaning is highly suggested. The frequency of cleaning is dependent upon the environmental conditions the material is subjected to.

For normal cleaning: Most stains can be easily cleaned using warm, soapy water and clear water rinses. Moderate scrubbing with a medium bristle brush will help loosen soiling materials from the depressions of embossed surfaces. For more stubborn stains, use Formula 409® commercially available cleaner in accordance with the manufacturer's instructions. Full strength rubbing alcohol or mineral spirits* may be tried cautiously as a last resort on very stubborn stain, if the above suggestions do not work. Indiscriminate use of any solvent, or solvent containing cleaner, can severely damage or discolor vinyl. Always follow with a clear water rinse after cleaning with solvents.

Note: Detergents should never be used on a regular or repeated basis for normal cleaning. Morbern recommends repeated rinsing with clear water after any cleaning procedure. When opening a new container, please test the cleaner in an inconspicuous area as cleaning manufacturers may change formula without notice. Morbern cannot be responsible when unknown changes are made by the manufacturer of the cleaner to their formulations between our 6 month verification intervals.

* Caution: Exercise care as these solvents are flammable. Use only small quantities of solvents and keep clear of any sources of ignition. Wear protective gloves and ensure cleaning takes place in a well ventilated area.
